Dear Mr. Warmann:

Please find enclosed a modified Department of Environmental Protection's (DEP) Plan Approval to construct, modify, reactivate, or install an air cleaning device on an air contamination source. This Plan Approval contains special conditions that must be fulfilled. Failure to do so violates Section 127.25 of DEP's rules and regulations, which may result in enforcement action and denial of an Operating Permit.

A DEP operating permit will be issued if (1) the special conditions incorporated within the Plan Approval have all been fulfilled; (2) DEP is satisfied that the project was carried out as proposed in the application, and that the operation of the source(s) and any associated air pollution control equipment conforms with the operational information stated on the application; and (3) DEP is satisfied that the air contaminant emissions from the source(s) comply with the requirements specified in, or established pursuant to, all applicable DEP rules and regulations.

Any person aggrieved by this action may appeal, pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. Section 7514, and the Administrative Agency Law, 2 Pa. C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, 717.787.3483. TDD users may contact the Board through the Pennsylvania Relay Service, 800.654.5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at 717.787.3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.
